

## PROFESSIONAL ARENA CREW SERVICES

**Team EquiME** offers professional arena crew services for jumping event organisers for reasonable prices.

### Our Philosophy

Our love for horses made us start our career in the Equestrian Community. We believe that an experienced, well motivated, fast and almost invisible arena crew contributes a great deal to the smooth running and success of any equestrian event. According to this we try our best to assist professional organizing committees to create a venue which allows riders and horses to show good sport.

### What we possess

- many years of experience in building jumping, driving, indoor eventing and dressage competitions;
- fresh knowledge of the actual FEI rules;
- knowledge of English and/or German language, according to the wish of our clients;
- experience in handling extraordinary circumstances and situations;
- acknowledgement and satisfaction of our clients including the organizing committees of CAI-W/CSI\*\*<sup>-W</sup> Budapest (HUN), the World Pairs Driving Championship Kecskemét (HUN), the Magna Racino Spring Tour CSI\*<sup>-\*\*\*</sup> Ebreichsdorf (AUT), CSI\*\* Piber (AUT) and many national events in Hungary.

If your event needs such a team, please do not hesitate to contact us!
